

Jump Start Sports – Media Consent Policy

This Media Consent Policy outlines the authorisation provided by parents, guardians, and participants for the collection, use, and publication of images, videos, and media recordings captured during Jump Start Sports (“the Provider”) programs and activities.

- 1. Purpose** Jump Start Sports frequently captures photos and videos during sessions, events, and programs to celebrate participation, promote future events, and highlight the benefits of physical activity in children. This policy ensures that the use of media content is conducted lawfully, respectfully, and with parental consent.
- 2. Scope** This policy applies to all participants involved in Jump Start Sports coaching sessions, holiday camps, school programs, and community events. Media may include photographs, video recordings, or digital images taken during sessions or at associated venues.
- 3. Consent** By providing consent through online enrolment, parents/guardians grant Jump Start Sports permission to collect, store, and use images or videos of their child for the purposes stated in this policy. Consent applies to all programs the child participates in unless revoked in writing.
- 4. Use of Media** Images and recordings may be used for:
 - Jump Start Sports marketing materials, flyers, and brochures;
 - Website and social media content (e.g., Facebook, Instagram, company website);
 - Digital newsletters or internal reports;
 - External promotion in partnership with schools or community organisations (with prior notice).
- 5. Storage and Security** All media files are securely stored and accessed only by authorised staff. Media is not distributed to third parties except as described in this policy or required by law.
- 6. Revocation of Consent** Parents/Guardians may withdraw consent at any time by providing written notice to hello@jumpstartsports.com.au. Upon receiving such notice, Jump Start Sports will cease using the participant's images and will remove or de-identify existing media where practical.
- 7. Limitations** While every effort is made to control the use of images, Jump Start Sports cannot guarantee that images shared online will not be copied, altered, or redistributed by external parties. Parents/Guardians acknowledge this inherent limitation of digital media sharing.
- 8. Acknowledgement** By submitting an online enrolment or ticking the consent checkbox, the Parent/Guardian confirms that they have read, understood, and agreed to this Media Consent Policy, and authorise Jump Start Sports to capture and use media as outlined above.
