

Jump Start Sports – Permission of Collection Policy

This Permission of Collection Policy outlines the responsibilities and authorisations between Jump Start Sports (“the Provider”) and the Parent/Guardian regarding the safe collection and supervision of children participating in Jump Start Sports sessions and programs.

1. Purpose This policy ensures all children participating in Jump Start Sports programs are safely supervised before, during, and after scheduled sessions, and are released only to authorised individuals.

2. Authorisation By providing consent, the Parent/Guardian authorises Jump Start Sports staff to collect their child from designated meeting points (e.g. classrooms, school gates, or community venues) and escort them to the program location. The same applies for handover to authorised adults after each session.

3. Pickup Procedure Children will only be released to individuals authorised by the Parent/Guardian at the time of enrolment. Any changes to authorised collectors must be communicated to Jump Start Sports before the session commences.

4. Parent/Guardian Responsibilities Parents/Guardians must ensure contact details and emergency information are current. They must promptly notify the Provider of any change in collection arrangements or authorised persons.

5. Safety and Liability The Provider will take all reasonable steps to ensure children are safely supervised until handover. Once the child is released to an authorised person, responsibility transfers to the Parent/Guardian. Jump Start Sports accepts no liability for incidents occurring after authorised collection.

6. Emergencies If no authorised adult is present at collection, staff will contact the Parent/Guardian and listed emergency contacts. Where necessary, local authorities or school administration may be notified.

7. Consent Acknowledgement By submitting an online enrolment or ticking the consent checkbox, the Parent/Guardian confirms they have read, understood, and agreed to this Permission of Collection Policy and authorise Jump Start Sports staff to collect and supervise their child as outlined.
